SERIOUS CRISIS PERILS SLAVS' FUTURE IN WAR

U.S. IS NOW ENTENTE'S BUYING AGENT

Wall Street Is Replaced By
Washington As World's
Financial Center

HOUSE KILLS PRESS
MUZZLE IN SPY BILL

Wilson Given Censor's Power
In Clause Adopted By
Representatives

WASHINGTON, May 4.—Washington today replaced Wall Street as the world's financial center, the federal reserve board taking charge of the floating of the two billion "liberty loan." J. P. Morgan is now replaced by the government as purchasing agent and controller of allied funds here.

The censorship provision of the espionage bill was stricken out in the House today.

The action of the House followed a determined fight by opponents of the clause who made unequivocal declarations that they were opposed to any proposal to muzzle the press, particularly at the outset of America's entrance into the war.

The section to place a gag on the press was attacked by Speaker Clark, Republican Leader Mann, Representative Kahn of California, Representative McCormick of Illinois and a dozen other representatives.

The House today adopted a new censorship clause, empowering the President to censor news but putting it up to a jury the question of whether there has been a willful violation of censorship.

WALSH URGES ULTIMATUM
TO NEUTRALITY BY U. S.

WASHINGTON, May 4.—Senator Walsh today demanded that President Wilson be empowered to dispatch an ultimatum to neutral nations, warning that continued re-exportation of American foodstuffs to Germany would cause a complete severance of commercial relations.

BRITISH DRIVE AHEAD OF
SCHEDULE, BALFOUR TOLD

WASHINGTON, May 4.—The British offensive in France is "well ahead of its schedule," was the message the British foreign office today cabled to British Foreign Secretary Arthur James Balfour.

FRENCH LINER FIGHTS DIVER; TORPEDO FAILS TO REACH ITS MARK

PARIS, May 4.—The French liner Rochembeau, recently arrived at a French port, narrowly escaped a torpedo fired by a German submarine, according to one of her passengers today. The torpedo passed a bare ten yards astern. The Rochembeau immediately fired a dozen shells at the submarine. Whether these found their mark is not known.

As soon as the torpedo was sighted the Rochembeau's officers sounded the alarm and all passengers were hurried to the lifeboats. There was no panic.

Patrol vessels arrived at the scene within twenty minutes, but did not sight the submarine.

Only the Rochembeau's speed apparently saved her from a "hit" by the submarine.

SAVE EYES OF SPUDS, GOVERNOR COX'S TIP

COLUMBUS, O., May 4.—Here's a potato "tip"—save it!

Did you ever notice how the eyes on a potato are more numerous at the tip?

Some one suggested to Governor Cox that each eye is the seed for a sprout. The result is that every Columbus hotel and restaurant, at the governor's request, is paring off the potato tips. They are being distributed to backyard gardeners, thus conserving the scanty potato supply.

Governor Cox is now trying to get restaurant men in other Ohio cities to do the same. "Columbus alone is yielding many bushels of tips every day under this plan," said the governor today.

WAIT TILL CALLED, WORD TO PRESIDIO WAR DRILL SEEKERS

SAN FRANCISCO, May 4.—Men who have applied for admittance to the reserve officers training camp to begin at the Presidio here May 15, were requested today by Lieut. Col. M. W. Rowell, in charge of applicants, to remain at their home cities until ordered to the Presidio. He issued this statement:

"Applicants selected to attend the Presidio training camp will be notified commencing May 5. Serious inconvenience to individuals and camp officials will result whenever applicants leave their places of residence prior to the receipt of specific instructions from department headquarters concerning the date they are to report to camp and concerning the reimbursement of their travel expenses."

CONGRESS FIGHT TO ADJOURN BY JUNE 1 BEGUN

Almost Continuous Night and
Day Sessions Needed,
Declares Bender

BY ROBERT J. BENDER
(United Press Staff Correspondent)

WASHINGTON, May 4.—With a tremendous emergency war program just ahead, congressional leaders settled down to a fight today to adjourn by June 1.

After two days of discussion of the embargo section in the espionage bill, Senator Overman in charge of the measure, declared it did not "get down to cases" today he would move for night sessions from now on.

If adjournment is to be accomplished by June 1, it is admitted that there will have to be day and night sessions most of the time from now on.

A determined fight is inevitable up on the food bill, introduced in the house by Chairman Lever of the agriculture committee, giving President Wilson dictatorial powers in directing the production, distribution and prices of food and all other necessities of life during the war.

It is even more drastic than the one submitted to congress by Secretary of Agriculture Houston.

Out of the food bill fight promises to arise two collateral contests around a prohibition bill to be introduced by Senator Gronna providing that no foodstuffs be used in the manufacture of alcohol, and various measures directed at food speculation.

"One thing that sure is going to come out of this food bill fight is some drastic law to prevent speculation from extorting high prices from the public," Senator Kenyon, father of an anti-speculative bill and member of the agriculture committee, said today.

"The only question is how drastic it will be. We are urging the farmer to increase production, but we can't expect him to enthrone much when the speculator is fixing the prices in order to hold up the public."

That the senate is in the mood for violent action along this line has been assured by outbursts from every corner of the floor in debate the last few days.

Another fight is certain to develop around the administration taxation

TEUTON LEGIONS FORCE BRITISH TO FALL BACK HAIG ADMITS

Tremendous Weight of Ger-
man Reserves Bends Eng-
lish Arras-Cambrai Line

BERLIN, May 4.—The British offensive is being waged by at least 340,000 men on an eighteen-mile front, but has failed so far, a war office statement today asserted.

PARIS, May 4.—Lieutenant Thaw of the American aero squadron, today downed his fifth enemy aeroplane. Hereafter he will be entitled to have his name officially mentioned in connection with his exploits.

FRENCH MAKE GAINS IN
SPIKE OF BIG OBSTACLES

PARIS, May 4.—The French progressed further northeast of Rheims after heavy cannonading and repelled a German attack west of Montcornet, it was today announced. The French also advanced in the Avocourt wood.

The Germans are fighting more desperately than ever to stop the British and French drives, the communique today stated.

LONDON, May 4.—The tremendous weight of German reserves flung violently into the line of the British advance has forced a slight falling back of British troops from advanced positions captured yesterday, Field Marshal Haig reported today.

His statement, however, revealed progress on an entirely new sector from that in which the British drive of the past forty-eight hours has here tofore centered—northeast of St. Quentin and northeast of Hargicourt. "At night around Cherisy and also astride the Arras-Cambrai road, we were compelled to fall back from advanced positions captured yesterday," the British commander in chief said. "We further progressed northeast of St. Quentin and northeast of Hargicourt, where we captured Malakoff farm."

Hargicourt, from where Haig has launched a new drive, is two miles distant from the main German line of communications between Cambrai and St. Quentin. But little fighting has been reported from their sector for the past ten days.

Lens Grip Tightens
Lens was three-fourths encircled by today's fierce fighting, marking the resumption of the British offensive. The British grip on the coal city now, twists from Loos, to the south, southward through Levine, Gevinchy, Vimy and eastward to around Achelle and Fresnoy.

It is around the last two towns that the heaviest fighting centered today. There the British turning of the Wotan line was made complete by rupture of the so-called "switch line" from Oppy north to Drocourt, in fighting which has been almost continuous since early yesterday.

Further to the south on the twelve mile front, over which Field Marshal Haig is staging his attack, the British have driven a wedge through the Hindenburg front. They have punctured the line to which the Germans planned to withdraw in their "strategic retreat"—a powerful system of defenses around Quant. Here, too, the fighting was continuing in desperate intensity today after hardly a let-up in twenty-four hours.

British forces were holding nearly one-fifth of a mile of the German trenches on this vaunted Hindenburg line today, located between Fontaine-lez Croisilles and Bullecourt in the face of terrific counter-attacks launched by the German commanders.

U. D. C. WILL MEET AT RIVERSIDE IN 1918

BAKERSFIELD, May 4.—Trips to the oil fields and other points of interest are occupying the delegates to the seventeenth annual convention, California division, United Daughters of the Confederacy today, after two days of routine sessions. Riverside has been selected as the 1918 meeting place, and the following officers have been chosen:

President, Mrs. Andrew Davis, Berkeley; first vice president, Mrs. Herbert Schiek, Bakersfield; second vice president, Mrs. M. J. Steele, Long Beach; recording secretary, Mrs. Garfield Myers, San Francisco; registrar, Mrs. Charles L. Traber, Berkeley; treasurer, Mrs. Florence Ross, Riverside; historian, Miss Caroline Duncan, Los Angeles; custodian of crosses, Mrs. M. B. Douglas, San Francisco; custodian of flag, Mrs. Addison, Berkeley.

SOW ENTIRE NORTH SEA WITH MINES, IS U. S. ENTENTE PLAN

WASHINGTON, May 4.—Heavy mining of practically the entire North Sea has been under consideration between the allies and the United States as an efficient means of thwarting Germany's submarine campaign, it became officially known today.

In addition to this scheme, there has been official consideration of means of wrecking the U-boats at their bases.

BERNSTORFF TO SEEK U. S. PEACE IS REPORTED

Former Envoy to America to
Succeed Zimmerman, Hint
At Copenhagen

LONDON, May 4.—According to Berlin reports today the Reichstag Conservative party has formally requested Chancellor von Bethmann-Hollweg to define his attitude, "in view of concern over the Socialist party's resolution urging peace without annexation or compensation."

BY ARTHUR E. MANN
(United Press Staff Correspondent)

COPENHAGEN, May 4.—Either Germany's war managers are playing their shrewdest publicity game since he war began, for the purpose of causing a relaxation of America's war preparations—or Germany is actually beset by the worst internal dissensions any belligerent has been compelled to deal with in that time.

Private advices today from sources which appeared to be most authentic, emphasized the seriousness of this situation in Germany and Austria and carried the broad hint that one solution may be the appointment of Count Johann von Bernstorff, former German ambassador to America, as successor to Foreign Secretary Alfred Zimmermann.

The appointment would be with the specific idea that Bernstorff attempt a reconciliation with the United States.

Two Conclusions
The fact that such information came through seemingly authentic channels and was accompanied by a vast amount of other reports of dissensions, permits two conclusions. One may be that Germany is actually sorely tried. The other is that she is playing a deep Teutonic game—the idea being to lull America into the belief that dissolution of Germany may be near, that conditions in the empire indicate no necessity for much war preparation. Such a move could be a line with other plays for time which Germany has regularly practiced.

The news received here from Germany indicates the near approach of a crisis in the Central empires. This news may be summarized as follows:

Bad feeling is growing between Prussia and Austria. Emperor Karl is spurred on to friction with Germany by Hungary's open discontent. Hungary's ruling classes are said to be fearful of anarchy unless some hope of peace is shown to her people.

Skeptical on Diver War

Persistent reports reach here that there is a growing feeling in Germany that the submarine warfare has not been productive of the results anticipated. The city of Hamburg, with its vast shipping industries, is said now to be approving the course of the foreign office in opposing the submarine war at the time that ruthlessness was first agitated. Its approval was based on the belief that such a course had only succeeded in increasing the indemnities which Germany must later pay and in drawing America into the conflict. Germany's commercial prospects, it was held, have been injured for years to come.

Retention of the Belgian city of Antwerp by Germany is another thing feared by Hamburg, resulting in the well-defined demand by shipping industries that there be no annexation of territory by Germany—and more over, that Germany so announce right now.

COUNTY COUNCIL WILL REGISTER MEN SUBJECT TO DRAFT

Governor Announces Plan of
Registration of Those Sub-
ject to Military Duty

Registration of men in Orange county subject to military draft will develop upon the Orange County Council of Defense, organized here Wednesday, according to plans announced yesterday by Governor Stephens. Under the plan perfected yesterday, registration will be done by volunteer workers.

The county council is composed of Judge Z. B. West, president; Judge W. H. Thomas, vice president; District Attorney L. A. West, secretary; T. B. Talbert, chairman of the Board of Supervisors; Sheriff C. E. Jackson; R. K. Bishop, horticultural commissioner; R. P. Mitchell, superintendent of schools; E. W. Bollinger of Orange, president of the Orange County Bankers' Association, and Rev. A. T. O'Rear, pastor of Spurgeon Memorial church, this city.

Registration will commence immediately following the signing of the conscription bill by President Wilson. He may sign the bill by tomorrow.

The plan adopted yesterday provides that in cities of more than 30,000 population, registration will be in charge of a central board, members of which will be appointed within a few days. District boards and precincts will be organized by the central board. Registration will be under the supervision of the adjutant general of the state. In cities of less than 30,000, registration will be conducted by county council of defense through precincts.

WILD CHEERS WELCOME FRENCH ENVOYS UPON ARRIVAL AT CHICAGO

CHICAGO, May 4.—Cheered by vast crowds, the French mission, headed by Rene Viviani, Marshal Joffre and Admiral Chocheprat, arrived here today for the first stop of their tour of Middle Western and Eastern states. The French commissioners expressed wonderment at the resources of the Middle West, as revealed to them on their trip from Washington, from where they departed yesterday afternoon.

Flags waved everywhere here today. An elaborate reception was given the French envoys.

The mission's special train is preceded by an engine bearing armed guards. An engine likewise equipped follows the train.

The next points to be visited by the mission are St. Louis, Kansas City, Springfield, Ill., Philadelphia, New York and Boston. The trip will take ten days. The route to be taken is being kept secret.

COMPTROLLER CALLS FOR BANKS' REPORT AT CLOSE ON MAY 1

WASHINGTON, May 4.—The comptroller of the currency today issued a call for the condition of all national banks at the close of business on Tuesday, May 1.

MRS. CABLE ELECTED WOMEN'S CLUB CHIEF

PASADENA, May 4.—With the election of officers attended to, the delegates to the convention of the California Federation of Women's Clubs today took up "child welfare" as the most important part of the day's program. Officers elected for the ensuing year are: President, Mrs. Herbert A. Cable, Los Angeles; vice president, Mrs. A. B. Armstrong, San Joaquin Valley; vice president-at-large, Mrs. Aaron Schloss, Berkeley; treasurer, Mrs. Bradford Woodbridge, Roseville; auditor for north, Mrs. Percy King; auditor for south, E. P. Foster, Ventura; general federation secretary, Mrs. Dexter Knight, San Francisco.

THIRD BOATLOAD OF ROCKINGHAM VICTIMS RESCUED BY BRITISH

LONDON, May 4.—Loss of life in the torpedoing of the American steamer Rockingham was reduced to the two members of her crew killed outright in the attack, when the third boatload of survivors was picked up today by a British ship. The third boat carried the fourteen men heretofore listed as missing. The rescue was announced by the admiralty.

TEUTON-RUSS PEACE PLOTTERS IN U. S. ARE GIVEN WARNING

WASHINGTON, May 4.—German socialists in this country who attempt to force or influence a separate peace between Russia and Germany will be dealt with to the full extent of American law, if their acts can be proven. The state department indicates this unmistakably today following publication of charges by J. C. Phelps Stokes, wealthy socialist, that some of the German wings of the American socialists are trying to force such a peace.

American law provides for dealing with such cases as an extremely treasonable act.

It is known that the government has noted the Stokes charges and that it will endeavor to ascertain whether any of the men Stokes named or any others are trying to manipulate such a peace through their Russian comrades.

The new censorship bill will be applied vigorously to prevent them from communicating with the Slav leaders.

The state department had its first news of the differences between the provisional Russian government and the workmen's and soldiers' committee from the United Press dispatch from William G. Shepherd today.

Authorities, however, still claimed to be hopeful that internal troubles ultimately will vanish and that the Russian army will stand steadfast against the Germans.

'LIBERTY LOAN' SUBSCRIPTIONS SOUGHT IN S. A.

McAdoo Wires Local Banks
To Take Pledges to Two
Billion Bond

Santa Ana people now have another opportunity to display their patriotism aside from volunteering for active service or enlisting in the work of increasing the food supply.

There is no limit to the age of the person who might assist the government in the avenue of service now open. Supplying the government with money, subscribing to the liberty loan, is the method by which one and all can render a patriotic service.

Secretary of the Treasury McAdoo this morning telegraphed the banks of this city authorizing them to take subscriptions for the liberty loan of \$2,000,000,000.

The telegrams were received this morning and as yet none of the banks have complied with the request of the secretary that he be informed at the earliest moment possible as to the probable amount of subscriptions that will be made in this city.

The telegram to the banks follows: The government will receive subscriptions until June 15 for \$2,000,000,000 3 1/2 per cent liberty loan. You can render invaluable service to your country by receiving subscriptions and co-operating with the Federal Reserve Bank in your district. Will you kindly do this and telegraph me at government expense as soon as practicable a rough estimate of bonds you think will be subscribed by you and your customers?

LOAN OVER-SUBSCRIPTION IS NOW ASSURED

WASHINGTON, May 4.—Over-subscription for the first issue of the "liberty loan" is practically assured. More than a thousand applications for subscription to the \$2,000,000,000 loan were received over night in answer to Secretary McAdoo's telegram to banks, clearing houses and trust companies. It was announced today. Not even a rough estimate of the amount subscribed was immediately available.

BASEBALL MANAGER IS ARRESTED AS SLAYER

INDIANAPOLIS, May 4.—Denny Shay, manager of the Milwaukee baseball team, was held on the charge of murder today, following the shooting of Clarence Buell, a negro waiter, in a cafe. The shooting followed an argument over a piece of sugar.

Police today were searching for a woman who was with Shay at the time of the shooting, but who disappeared immediately afterward. Shay, at the police station, refused to admit there was a woman with him or discuss the shooting in any way. During the argument, witnesses stated, Shay drew a revolver and shot Buell. The negro, wounded, grabbed Shay and knocked him to the floor. Others interfered and rushed the negro to a hospital and held Shay for the police. Buell died an hour later.

GUNS READY TO QUEL RUSSIAN RIOTERS

Workmen and Soldiers Demand Government Take
Them Into Confidence

SITUATION IS GROWING
MORE AND MORE TENSE

Petrograd Throngs In Giant
Demonstration Against
Foreign Minister

PETROGRAD, May 4.—There is a virtual armistice along most of the Russian frontier.

No shots have been fired on the Austrian front for a month. German and Russian soldiers are fraternizing at many places and meeting unarmed between the lines. This is so subduing the fighting spirit that the Russians have been warned to beware of a German ruse to obtain knowledge of the Russian defensive organizations.

Foreign Minister Milukoff today addressed a crowd of demonstrators here, pledging that Russia would not make a separate peace with Germany, and appealing to the people's patriotism. The crowd cheered. Committees representing the new government and the soldiers will meet soon.

BY WILLIAM G. SHEPHERD
(United Press Staff Correspondent)

PETROGRAD, May 4.—Open rupture between provisional government heads and the workmen's and soldiers' committee came today. The workmen and soldiers demanded that the government take them into their confidence. The intensity of the situation is growing hourly.

As the meeting of the council progressed the 2000 soldiers from the garrison, openly fraternized with the crowds. Many of the soldiers, rifles in hand, joined in the demonstrations, demanding the resignation of Milukoff.

Some of their number delivered speeches. No effort was made to maintain any line of demarcation between the military and the citizens. Soldiers and civilians alike were soon voicing their opinions.

How serious the situation threatens Russia's future in the war is shown by the fact that after listing a long series of the provisional government's acts to which the soldiers and workmen object, the council representing these elements formally declared they would not approve of any loans to Russia until fully informed of the complete war aims of the entente and of all details of the compacts entered into by the czar and his ministers.

Vigorous disapproval was also expressed by the council of a statement extensively credited to Foreign Minister Milukoff that Russia aims to crush Germany and Austria.

The first clash between the two elements in the new government came yesterday. The greatest feeling of indignation was aroused among the workmen's and soldiers' delegates by announcement of the provisional government that it intended to stand by the czar's contracts with the allies.

At yesterday's meeting of the council of ministers 2000 soldiers with loaded rifles were drawn from the Petrograd garrison to guard the building where the government leaders met. Throngs of citizens gathered there in a gigantic demonstration against Foreign Minister Milukoff.

Speakers from the soldiers and delegations mounted impromptu rostrums and exhorted with the people to join in their demand that the government take all people into their confidence.

A mass meeting of protest is in preparation for tonight. There can be no doubt that the situation is growing hourly.

RED CROSS HAS HEADQUARTERS OPEN, READY FOR SERVICE

Mrs. G. H. Magill In Charge—Sewing of Garments by Volunteers Starts

The work of the Red Cross in Santa Ana actually started today when the new headquarters in rooms 320 and 321, Spurgeon building, were opened, equipped for service. While preliminary steps were necessarily slow, while a membership of over 450 has been secured, not until today was it possible for the cutting out of garments and the sewing to start.

That headquarters had been equipped with furniture was announced at the meeting of the executive committee yesterday afternoon. Mrs. G. H. Magill, who has had previous experience in Red Cross work, is to be in charge of headquarters, which will be open daily from 9 a. m. to 5 p. m. Any woman or girl who desires to join in the work, even if for but an hour or two, can call at headquarters and get directions from Mrs. Magill, Mrs. A. J. Crookshank, Dr. Peryl Magill or some of the other women who are taking an active lead in the work.

Yesterday Mrs. Crookshank, chairman of the hospital garments committee, stated that material had been bought and that cutting out of garments would start today.

Any person who has old linen or other material suitable for substitutes for handkerchiefs may bring the articles, already laundered, to headquarters. These will be torn into suitable sizes for the use of soldiers as handkerchiefs.

To Head Committee
Dr. Peryl Magill was appointed chairman of the surgical supplies committee. The making of bandages and other surgical supplies will have to be done at headquarters, as none of that can be sent out to homes. Garments can be taken out to be sewed at homes and returned to headquarters.

Mrs. Magill stated that she would make arrangements for at least three sewing machines at headquarters.

Representatives of the Laguna Beach auxiliary were present, and joined enthusiastically in the discussion.

GERRARD BROS.
314 West Fourth St.

The Santa Ana and Laguna Beach women who were present stated that there are many women anxious to begin work, and it is likely that materials will be rapidly put into shape for sending to the front, for the available assistance is great.

Mrs. Eimer Jahraus of Laguna Beach was appointed by Mrs. Crookshank as a member of the committee on hospital garments, and Mrs. Jahraus will have charge of that branch of work of the beach auxiliary. The sum of \$25 was appropriated for the use of the auxiliary.

Committees Named
E. M. Nealley reported that as chairman of the committee named to look after families of members of Company L, he had appointed the same committee that did excellent work along the same line while Company L was at the border. The members of the committee are Mrs. E. M. Nealley, Mrs. R. A. Cushman and Mrs. L. A. Schlesinger.

Walter Eden, president of the Red Cross, appointed E. M. Robbins, J. C. Metzgar and Mrs. S. H. Finley as a committee upon by-laws.

Metzgar, chairman of the publicity committee, stated that he had appointed E. M. Robbins and T. E. Stephenson as his assistants.

Mrs. Crookshank reported that during Chautauqua committees from the various P.T. associations were at the Chautauqua for the purpose of receiving memberships.

Secretary's Report
Dr. John Wehrly, secretary of the Red Cross, stated that he had received applications for membership in a first-aid class, and he had called a meeting of that class for tomorrow evening at 7:30 o'clock at his office. The class will elect a president and secretary and will select some physician to deliver its lectures.

He said that the work had been handicapped by inability to get sufficient literature and blanks. However, the way is clearing rapidly, and advance will now be made more satisfactorily.

ROAD SHORTENED TO OFFICERS' RANK IN NAVY

Boys Between 17 and 19 Enlisting Eligible to Examination For Naval Academy

Roland Wilkinson has enlisted in the navy as hospital apprentice, and will be sworn in in a few days. He has passed the physical examination.

Isaac Larimer and Clarence Trotter went to Los Angeles to take the examination, the former making application as machinist mate, second class, and the latter as apprentice seaman.

Newton McKelvey, in charge of the local naval recruiting station, has had many applications recently from local boys, but most of them have been rejected because of physical disabilities.

The road to a commission as naval officer has been shortened, and this fact is having its effect on enlistments. Formerly a commission as a line officer could only be gained by first getting an appointment to the naval academy at Annapolis, Md., through a congressman, or by promotion from warrant officer after serving a number of years as an enlisted man.

The road to a commission is now open to any young American between the age of 17 and 19. He will be eligible to take the examination for one of the 100 annual appointments to the naval academy after he has served one year, if he is then under 20 years of age.

The requirements of candidates for entrance to the naval academy are briefly as follows:

Must be of good moral character and unmarried.

Physical: Sound, well-formed body and robust constitution. Must be free from any disease, deformity or result of injury that would impair efficiency; must have 20-20 vision in each eye without aid of glasses and have perfect color sense.

Mental: Candidates will be examined mentally in punctuation, spelling, English grammar, geography, United States history, arithmetic, algebra through quadratic equations, and plane geometry (five books of Chauvenet's geometry or equivalent). Deficiency in any one of these subjects may be sufficient to insure the rejection of the candidate. Maximum mark 4.00; passing mark 2.50. Certificates from colleges and high schools will not be accepted in lieu of entrance examinations.

After passing the above examination satisfactorily the candidate is admitted to the academy bearing the title of midshipman, and he is paid by the government \$600 per year. The course at the academy lasts four years. On graduation the midshipman is given a commission by the President of the United States as an ensign, which is the first rank in a commissioned naval officer and corresponds in rank to a second lieutenant in the army. The pay of an ensign is \$1700 (with certain additional allowances) per year. From this rank officers are regularly promoted in accordance with the laws of Congress.

Walter Eden, president of the Red Cross, appointed E. M. Robbins, J. C. Metzgar and Mrs. S. H. Finley as a committee upon by-laws.

Metzgar, chairman of the publicity committee, stated that he had appointed E. M. Robbins and T. E. Stephenson as his assistants.

Mrs. Crookshank reported that during Chautauqua committees from the various P.T. associations were at the Chautauqua for the purpose of receiving memberships.

Secretary's Report
Dr. John Wehrly, secretary of the Red Cross, stated that he had received applications for membership in a first-aid class, and he had called a meeting of that class for tomorrow evening at 7:30 o'clock at his office. The class will elect a president and secretary and will select some physician to deliver its lectures.

He said that the work had been handicapped by inability to get sufficient literature and blanks. However, the way is clearing rapidly, and advance will now be made more satisfactorily.

Spring Suits That Suit

Our interest in serving the customers of this store can not be measured by the length of a dollar bill

For we are more exacting, more scrupulous in selecting the individual items which go to make up our vast stocks than would be necessary were our object nothing but profit.

It would be easy indeed to slight a few of the hidden things in clothes-making and to get the price of through and through work for merely superficial worth. But it has always been our rigid principle to insist upon quality a little better than it need be—quality such as is found in every seen and unseen part of

with Germany against the United States, opposition to the foreign minister has increased. Liberals are still ostensibly supporting him, however, probably because he is the only non-junker in office in Germany.

On the other hand, proponents of Bernstorff point out his complete familiarity with America and Americans is something for which there is desperate need in the foreign office. Moreover, it is held Bernstorff might very effectively work for adjustment of America's quarrel with Germany.

German officials are now said to realize how completely they were wrong in estimating America. The hardest blow of all comes in their realization that America intends to fight a real war and not a paper war. No official thought that she would actually fight. Zimmerman is blamed for not having known that America would go the limit. Bernstorff is figured as likely to correct this mistake by restoring German-American relations.

Fear U. S. Democracy

But not alone in actual war strength is America now being feared in Germany. The war chiefs are apprehensive that the great weight of American democracy thrown into the balance against Germany may result in vast strengthening of the democratic peace party. It is reported that this effort to strengthen the democratic peace move is already being exerted from America on Hungary.

There are other reports which some way or other elude the censor and turn up here as evidence of dissension in the Central empires. The regularity with which they arrive in the face of the most stringent censorship Germany has ever had in force may possibly indicate deliberate circulation of such reports by the government. Or it may show such an accumulation of dissension that even a steel-bound censorship cannot conceal them.

bill. It is expected this measure will get through the house within a week, but unless there are night sessions the senate will not be able to dispose of it quickly.

There will be no trouble about the general appropriation bill, the army appropriation bill, which is now ready for reintroduction, nor the navy increase bill.

The drastic shipping bill, coming from the White House soon, may develop a snarl, but for the most part both houses are ready to give the President all the power he wants within the limits of the constitution. The conscription bill was before the house and senate army conferees today. The principal differences—age limits for the draft and the question of sending the Roosevelt division to France—are expected to be ironed out within a few days. Its repassage will not take long and the congressional slate will then be practically clean.

GIRLS! MAKE A BEAUTY LOTION WITH LEMONS

At the cost of a small jar of ordinary cold cream one can prepare a full quart of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, smoothener and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quart of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It should naturally help to whiten, soften, freshen and bring out the roses and beauty of any skin. It is truly marvelous to smoothen rough, red hands.

Promises Broken, Charge

The workmen's and soldiers' council held an all night session last night at which resolutions were adopted bitterly disapproving the acts of the provisional government and charging failure on its part to keep promises to the workmen and soldiers to admit them to conferences on all important matters.

The official minutes of the meeting, as published today, contain a bitter attack on the provisional government's blanket approval of all contracts and agreements pledged by the former autocratic government with the allies.

"The workmen and soldiers do not even know the provisions of all of these agreements," the official journal asserted.

The government's statement voicing approval of the contracts and obligations of the former regime was declared by the meeting to have been secretly prepared at the home of Minister of War Gtuchkov, without consultation with the soldiers and workmen representatives.

Not alone did the meeting attack the provisional leaders for failure to move in the open on all administrative and governmental matters, but it was charged that the provisional officers were seeking to cast discredit on the workmen and soldiers by sending false news of their activities out of Russia.

The committee demanded permission to disseminate its own news reflecting its own views. This permission was formally granted today.

"False News"

Foremost in the category of the "false news" which the committee charged was given circulation abroad by the provisional leaders, was the "impression" which it was asserted had been spread that the Russian constitutional convention would not be held until after the war, and the inference that the workmen and soldiers had approved such a course.

On the contrary, the committee made formal demand that the constituents' assembly be held at the earliest possible date.

The dispatch from Shepherd is the first word of any serious friction between the duma and provisional government and the soldiers and workmen. Various small internal differences have been reported heretofore, but all related to administrative acts rather than governmental policy. On the other hand, the provisional government has heretofore bowed submissively to the demands of the soldiers and workmen—as for instance, in the sweeping army orders recently issued by Minister Gtuchkov and reported by Shepherd in dispatches to the United Press on Monday, where complete equality between officers and men was established.

Teutons Seeking Peace

It has long been known that Germany is bending every resource and using every artifice to stir up trouble among the many diverse elements whose temporary union in force achieved the overthrow of autocracy.

The agitator, Nicholas Lenin, a radical socialist, has been generally credited with being a German agent. He has been active in aligning one element against another. There are several other returned exiles who are supposed to be working in the interest of the German movement. Meanwhile, Germany is pressing steadily for separate peace through socialist leaders.

The soldiers and workmen's delegates, representing the great bulk of the Russian people, and, through complete domination of the army, holding the real power to control, has been steadily meeting and, heretofore, aiding the duma provisional government in restoring order.

UNDER 18, HE CANNOT GET A LICENSE NOW

He is willing, the girl is willing, his folks say it is all right, and her folks are in the same mood as the two most interested. But Lee is only 17 and County Clerk Williams refuses to issue a license to a male under 18. Lee lives in Los Angeles. He asked for a license to wed Olive G. Thompson, also 17. Lee will be 18 in September. Then, with the consent of a parent, he may wed.

GENERAL EMPLOYED BY SANTA FE TO EXPLAIN MEXICO TO WORKERS

FULLERTON, May 4.—A real live general addressed Mexican section hands of the Santa Fe here the other day.

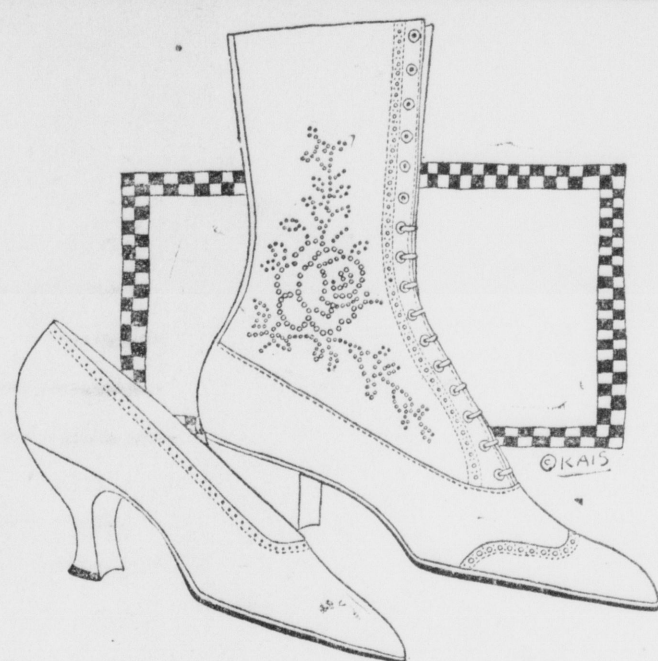

It was General Torres, formerly an officer under Venustiano Carranza, president of Mexico. He urged the Mexicans to stay with their jobs and explained to them the Mexican situation.

Accompanied by Charles Johnson, road master of the Santa Fe, General Torres visited a number of cities in the county.

The Santa Fe plans to have General Torres speak to section employees at numerous points on the coast, it is understood.

BONE DRY IN 1918

The California legislature of 1917 has adjourned, and although the liquor question was one of the big questions of the session no measure was passed that in any way advanced the dry cause. Two bills were up in which the drys were interested. One was known as the county unit bill, under which any county could control not only county territory but incorporated territory, too. That bill died an early death, and the efforts of the anti-saloon forces were centered upon the Rominger bill, which proposed to shut up the saloons but allow the sale of liquors of low percentage of alcohol. This bill got out of the Senate by the skin of its teeth, but met with defeat in the Assembly.

The defeat of the Rominger bill means that when California votes on the wet and dry question in 1918 this state will go bone dry. The Rominger bill had the backing of men who wanted to save the wine industry of the state from the fate that is inevitably to be the fate of the open saloon. It had the backing of the dry interests because it was a big step in the right direction. Had the Rominger bill passed, it was possible that no radical dry measure would have been initiated for a vote in 1918. With the Rominger bill defeated, with the legislature adjourned without doing a thing to curb the destructive work of the saloon, the state is certain to have a radical dry measure up for a vote next year.

When the campaign for that measure starts, the Wets are going to find that their cause is doomed. They will fight, of course. They will dig their defensive trenches and hurl their bombs and spread their poisonous gases. But they will find that the war has brought clearly home to thinking people the economic loss caused by the maintenance of the liquor industry. Never was it clearer than it is today that the millions of bushels of grain used in the making of drink are lost to the consumers of food. They will find that the advance of prohibition has gained a tremendous impetus. Liquor interests are menaced by the fact that it is advisable as a war measure for the nation to become dry. Should the saloon survive until 1918 the trend toward national prohibition, California will go bone dry.

PRICE MAKING

There are two big factors in our food problem. One is production. The other is control.

Nearly all the effort of the government and the public thus far has been devoted to the one purpose of raising more foodstuffs. And while this patriotic activity has been going on, with excellent results, there has been a counter-move on the part of speculators, middlemen and tradesmen to boost prices. Unless that move is effectively checked, consumers will lose all the benefit of bigger crops, and the nation as a whole will forfeit the reward of its labors to a small class of sordid and unpatriotic citizens.

The federal government does not propose to be victimized by these food sharks. Inquiring into the food prices now prevailing in our big cities, it has announced "there is no just ground for the high prices of many products demanded of the consumer at this time." The propaganda for more food has been capitalized by speculators and dealers for their own purposes. They are taking exorbitant profits now on the basis of a theoretical scarcity in the future. And if they are not curbed, they will do likewise with the new season's crops, no matter how large an increase there may be. According to Washington dispatches yesterday and today, the administration asks for authority to control food prices, and there is little question but that that authority will be given. There is every reason to believe that the government will handle the price question effectively and fairly. It has but one object in undertaking the work, and that object is to prevent traitorous food dealers from carrying out plans for plunder. The price-making department will be a protection to the farmer, the consumer and the government.

Senate, says the Santa Barbara Press. He has been found absolutely on the right side of this preparedness endeavor, standing with the President, as all good citizens should, in these times of stress. He made a sensible and convincing speech on the all-important issue, and the honorable senators have had an opportunity to judge, somewhat, of his measure.

On Friday he was notably honored—considering his newness in the office and the predicted obscurity in which his political enemies delighted to see him—by being called to preside over the Senate as temporary chairman. Inasmuch as he had been in the Senate less than a month, and a member

of the minority at that, the distinction was the more pleasing to his California friends.

With Malice Toward None

By Henry James

Restaurant Ethics
In a little California town, where presumably the restaurants are not modeled after any Broadway pattern, a customer objected to the quality of the steak placed before him.

Came then the proprietor of the place, poked a persuasive pistol at the face of the visitor, and counseled him to eat that steak; which the customer did. Apparently the nourishment did not set well, for before the process of digestion had time to get fairly started the customer assumed the reverse end of another pistol and shot the proprietor, who thereupon died.

In a city restaurant a customer objected to the manners of the waiter and to the size of the bill, and as he was departing the waiter sneaked up behind and smote him sore. He sued the employer for damages, but the employer was able to show that the walloping of customers was not included in instructions to a waiter.

Neither incident is of great importance; yet, taken together, they show that restaurant manners need to be brought to an ethical standard.

Newspaper English

From time to time fault has been found with newspaper English. Nevertheless, during the war newspaper-German is going to be far more objectionable, if permitted at all.

April Fool Day Extended

A bill has been introduced requiring the military authorities not to pay attention to marriages contracted after April 1.

Many a girl who thought she was marrying a slacker is going to be the wife of a soldier after all.

Jane Addams

Many of the admirers of Jane Addams wish she would quit while the quitting is good.

She did a splendid work at Hull house, winning recognition as a public-spirited and brainy woman. Her reputation has been so good that it is pitiful to see her engaged in tearing it down.

This country is at war and no American has a right to be a neutral, but Jane Addams seems to be more than neutral, and to favor the enemy.

Bad Shooting

Five persons were shot at an incident of a recent ball game near Los Angeles, and the umpire got off without a scratch.
Something queer about such marksmanship.

The Polite Boy

Somebody wants to know what has become of an old-fashioned boy who used to give up his seat in a car to a lady.

Perhaps he is looking for the lady who used to smile and say, "Thank you."

Out of a Job

Les Darcy, an Australian fighter, who was afraid to fight for his country, is out of a job in New York.

If he was to seek an enlistment office even at this late date all would be forgiven and forgotten.

Nevertheless a diligent search probably would have revealed at least half a dozen of this class.

Why not abolish them as already has been done with gamblers of a less objectionable class?

Grand Opera House

The fact that some of the most interesting work of "The Happy Stranger" in which B. C. Whitney is presenting William H. Crane at the Grand Opera House on Wednesday, May 9, is done by Eva Le Gallienne, a girl of 17, who has been little more than a year on the stage, will no doubt bring many patrons of the theater to watch the clever little ingenue in her emotional scenes and her charming love story in which not a note rings false.

Eva Le Gallienne is a slip of a girl with all the delicate Northland coloring of her mother's race, the Danes, and with that wistful and grave-eyed beauty that has made the fame of a score of young heroines of stageland.

Keeping Up With Cravath

Gavvy Cravath is going absolutely wild with the bludgeon. In yesterday's game between the Phillies and Braves he annexed a home run, his fourth this season, and two singles. His friend, Victor Walker, local sporting goods dealer, is keeping cases on Cravath and announces that the big outfielder is now hitting .352.

"I don't think that there are more than one or two leading Cravaths in batting in the National League," said Walker today. "If he keeps up his present gait he'll knock sixty home runs this season."

Cravath has never started off a season in such whirlwind fashion as he has the present. He stands a splendid chance to smash the world's home-run record, held by himself, of 24 base clouts for a season.

Roosevelt School Organization Holds An Interesting Meeting, Plans Tea

The Roosevelt P. T. A. held its regular monthly meeting yesterday afternoon. A brief report was given of the all day county meeting held at Olinda.

Miss Isabel Anderson of the Junior College gave a very interesting explanation of the pageant to be given by the Junior College.

Miss Fannie Smart, assisted by a group of winsome little girls, gave a little demonstration of folk dancing, showing something of the work she is doing with the children now.

Miss Alexandria Rodriguez gave two well rendered piano solos.

It was announced that the last of the series of "teas" would be a "quitting party" held at the home of Mrs. Pearl Johnson, 402 East Pine, May 15, to which all of the mothers and friends of the Roosevelt P. T. A. are cordially invited.

The election of officers resulted as follows: President, Mrs. W. W. Simon; vice president, Mrs. R. J. Brown; secretary, Mrs. Waggoner; treasurer, Mrs. George Thacker. These officers will be installed at the June meeting.

Woman's Relief Corps
The Woman's Relief Corps held its regular meeting yesterday afternoon at G. A. R. hall. Mrs. Emma Wong was initiated into membership. Two visitors were present, Mrs. J. W. Swiney of Santa Barbara and Mrs. Smith of Indianapolis.

Fifty-six visits were reported made.

Noted Lecturer Tomorrow
One of the most notable engagements ever achieved by the Ebell Society is the one which brings John Kendrick Banks to Santa Ana on Saturday afternoon. "Salubrities I Have Met," is the subject of the famous humorist's lecture, which will be given at Ebbell's hall tomorrow afternoon at 2:30. It is impossible for the Ebell to honor guest cards tomorrow, and Ebell members only can be admitted free of charge. The opportunity to hear and enjoy Mr. Banks is offered to everybody, and the club women hope that Ebbell's hall will be filled.

The regular election of officers will begin promptly at 2 o'clock.

Travelers to Meet
Travel Section No. 2, of the Ebell, will meet Monday, May 7, at 2:30 p. m., with Mrs. J. R. Medlock, on North Main street. Subject, "Australia," and roll call suggestions of spring.

TRIP TO LONG BEACH

Bridge Club Members Charmingly Entertained At Hotel Virginia Yesterday

Mrs. L. A. Knowles entertained the members of the Bridge Club with a charming luncheon party given yesterday at the Hotel Virginia at Long Beach. The gay party motored over in the morning and returned late in the afternoon after a delightful day.

The table was centered with a bowl of fragrant sweet peas and sweet peas and ferns graced each place.

Those who were so fortunate as to share Mrs. Knowles' gracious hospitality were Mesdames J. S. Rice, Arthur Lyon, B. E. Turner, R. E. Reid, W. H. Spurgeon, Philip Hatzfeld, John Tubbs, J. R. Porter, Alice Harris, R. M. Simon, Frank Brunsberg, W. E. Winslow, Sherman Stevens, Frank Case, Fred Case, and Mrs. Gummer.

MARRIED IN ALASKA

Announcements Received By Friends Mrs. McDowell and Robt. I. Dunn, at Juneau

Announcements have been received here of the marriage of Mrs. Hilda McDowell to Robert I. Dunn, which took place at Juneau, Alaska, on April 24.

The bride, who is a sister of Mrs. G. P. Hill of this city, has a host of friends here, having lived here most of her life since childhood. Until recently she has held a position in the office of Dr. J. I. Clark.

The groom is a civil engineer, a graduate of the University of California and went to Alaska some time ago in the employ of the government.

They will reside temporarily at Thane, Alaska, and later at Seattle, Wash., where he has a cosy home.

Mrs. H. L. Sawdye Hostess to Members, Assisted by Her Little Daughter

The Progressive Neighborhood Club was entertained pleasantly yesterday afternoon by Mrs. H. L. Sawdye on East Walnut street. Beautiful roses artistically decked the home and an especially jolly and enjoyable afternoon was spent.

Mrs. Sawdye was assisted in serving most tempting refreshments by her charming little daughters, Helen and Josephine.

The club members present were Mesdames M. J. Hoffman, Paul Carnahan, Frank Browne, P. T. Hoffman, F. W. Winslow, E. W. Boynton, Asa Hoffman, A. L. Swarthout and Mrs. Rutledge was a guest of the club.

Musicians Go to New York
Miss Mabel Haines visited last Sunday at the home of Ruth Deardorff Shaw in Laurel canyon and reports that Mr. and Mrs. Shaw will soon leave for New York City to make their home. Mrs. Shaw will study under the great teacher, Patterson, who has been charmed with Mrs. Shaw's rendition of the modern French music. She is one of two artists in the United States to have taken up successfully the aesthetic works of Debussy and other artists along those lines.

Mr. Shaw has secured a remunerative position in the metropolis and their many friends will wish them all success in their new home.

Pretty little favors were provided for all by Mrs. D. L. Anderson and in the afternoon the "wonderball" was enjoyed.

NELSON FUNERAL
Services Held At Smith & Tuthill's Yesterday Afternoon

Funeral services over the remains of Wm. N. Nelson were held yesterday afternoon at the Chapel of Smith & Tuthill, with many friends paying their last respects to the departed soldier. Rev. Harcourt W. Peck, pastor of the First Methodist church, officiated.

A profusion of flowers attested the esteem in which the deceased was held by his friends and neighbors.

Grand Army comrades acted as pallbearers. They were S. W. Sutton, Jay Powers, City Trustee O. H. Maryatt, P. E. Newman, A. J. Cole and J. H. Gulick.

Wm. N. Nelson was born at Bedford, Pa., April 27, 1847, and died in this city on his birthday, April 27, 1917, being 70 years of age. At the age of 15 years he took up arms in the Civil War, serving part of the time in the army of the Potomac under General Kilpatrick and was with Custer's brigade during part of his service. He enlisted at Harrisburg with the 18th Pennsylvania cavalry, enlisting when he reported to his father at that place with a band of horses. He fought at Gettysburg and in many other of the big battles of the Civil War.

At the close of his service he returned to Bedford, where he took charge of his father's flour mill and managed it for many years. He was a first-class miller. Later he moved with his family to Saxton, Pa., where he was engaged in various lines of business for a number of years. He retired about fifteen years ago, when he came here from Saxton. He lived

a retired life since coming to Santa Ana.

He was a son of Hon. John Nelson of Bedford, who distinguished himself in the Civil War, and who was associate judge at Bedford for many years following the war. His father was wounded in the leg in 1863 at the Fairfax (Va.) courthouse by a bullet fired by Col. Mosby, amputation of the leg becoming necessary to save his life.

He is survived by a widow and two sons, John E. Nelson of this city, who is engaged in silver and lead mining in Inyo county, Cal., and the broker-age business in Los Angeles, and H. R. Nelson of Elizabeth, N. J. The latter holds the responsible position of superintendent of the chemical plant of the Warner Chemical Company of New York and is vice-president of the Warner Kilpatrick Company of Charleston, W. Va. He was called here by the death of his father, the funeral services being delayed until his arrival. He had visited his parents and returned east about a month ago.

Like Vandermast's
Clothes

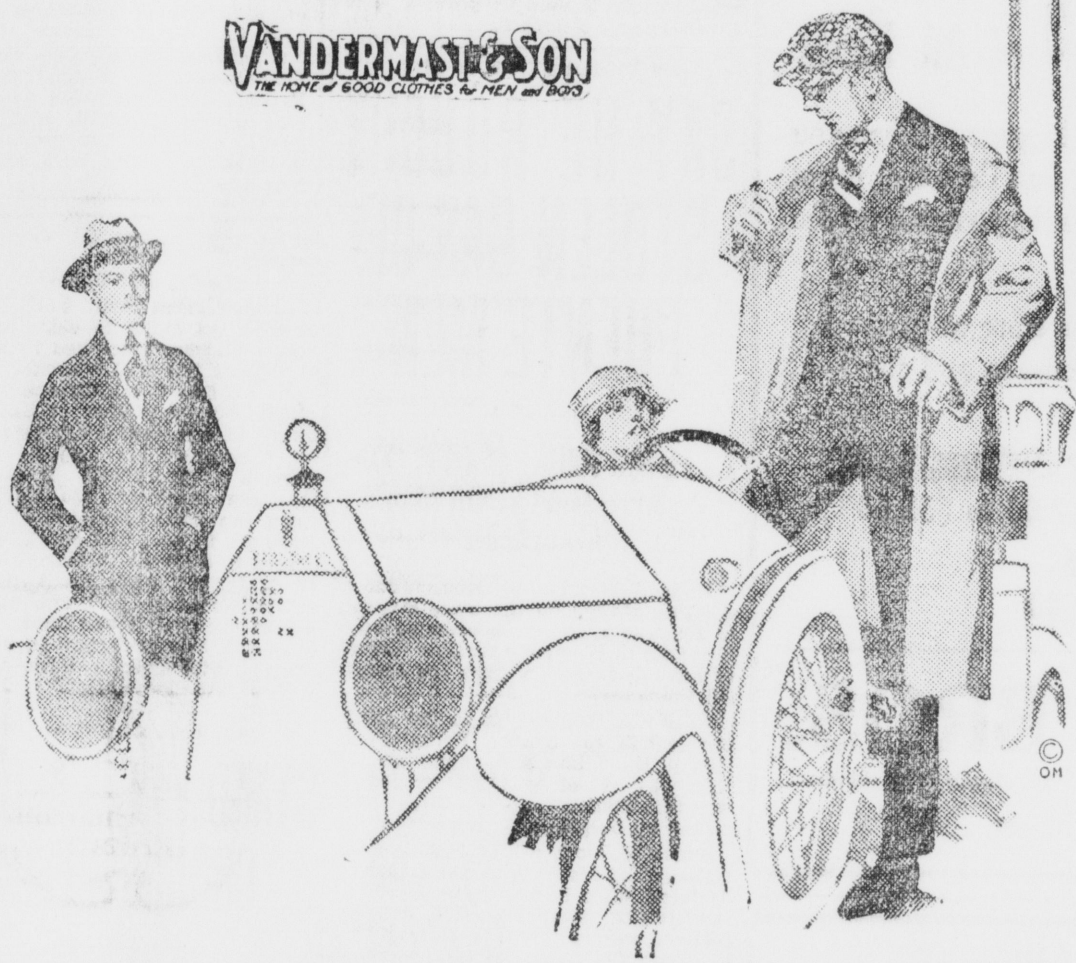

Vandermast & Sons' suit department has a great following of young men.

As specialists in suits for young men, Vandermaests have on hand a wide selection of the things designed by fashion's experts and demanded by up-to-the-minute young men dressers.

It is the turn of the lapel, or the curve of a seam that strikes a young man's fancy most when he selects a suit.

Thus it is necessary, if one is to satisfy a great many young men, that a big assortment of swag-gar suits be carried at all times.

FORTY BOYS AND GIRLS ENTER VEGETABLE CONTEST

Time For Entering Closes
Last Night, and Battle For
Prizes Is On

Forty boys and girls—29 boys and 11 girls—have lined up in the Chamber of Commerce vegetable growing contest. The entries closed last night and the battle for supremacy in the growing of products that will assist in increasing the food supplies of the United States is on.

The prizes offered by the Chamber of Commerce, together with the individual prize of the boys and girls in the contest, will make the competition keen and interesting.

Boys and girls are requested to at once file with secretary Metzgar a record of the space each has or will have in his or her plot so that the contestants can be grouped in their proper prize call.

Marshall Northercross, gardener at the high school, has tendered his services in the way of advising those engaging in the competitive growing contest, and any contestant may feel at liberty to call on him at the high school at any time and make arrangements for him to make personal inspection of the land or growing vegetables after 5 o'clock in the afternoon.

SAY HE BOUGHT STOLEN GAS OF PUENTE MEN

La Habra Filling Station Owner Arrested On Oil Man's Complaint

H. F. Ashley of Fullerton, owner of a filling station on the state highway at La Habra, has been arrested upon a charge of receiving gasoline alleged to have been stolen from the Puente Oil Company.

Ashley is well known in the northern end of the county. Recently he bought the filling and supply station that was owned by F. E. Proud. It was this station that was three times raided by burglars.

Harry S. Botsford of Los Angeles, manager of the Puente Oil Company, declared, when he got the complaint at the district attorney's office, that detectives were put out by his company to locate the source of disappearance of gasoline, and as a result of the investigation two drivers for the company were arrested and are now in jail in Los Angeles on charges of grand larceny.

The complaint sworn to by Botsford states that Ashley bought from Roy Quackenbush gasoline that he knew was stolen. April 28 is the date set for trial.

Freckle - Face

Sun and Wind Bring Out Ugly Spots; How to Remove Easily

Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles; while if it does give a clear complexion the expense is trifling.

Simply get an ounce of othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength othine as this is the prescription sold under guarantee of money back if it fails to remove freckles.—Advertisement.

Say Not Guilty

Viviano Perez and Fells Chavez pleaded not guilty to carrying revolvers that were concerned in a fracas at Talbert. The trial is set for May 24.

Bad Check Charge

Today E. T. Mateer of Santa Ana swore to a complaint charging Dr. A. M. Tweedie of Los Angeles with issuing a no-fund check. It is alleged that the check for \$30 was drawn upon the First National Bank of Newport Beach. The check was presented to the bank on March 27, again on March 30, again on April 5 and still again on April 26, and each time it was declared by the bank that the physician had no money to meet the check. Dr. Tweedie formerly lived at Newport Beach.

AT THE COURTHOUSE

STAND IN FAVOR OF CODICIL'S LEGALITY

Judge's Ruling In Handwriting Case Means Chester Spencer Responsible

Judge West has decided that some of the signatures to papers in the estate of Catherine E. Romer are genuine, and that therefore Chester Spencer must be held responsible for the estate, which Chester Spencer alleged was looted by his son, F. C. Spencer, now dead. Chester Spencer declared he had signed none of the papers, and could not be held responsible for a shortage of \$1800. The court's decision is that while some of the signatures were forgeries, others were genuine.

For Administration

Mabel Laird of Santa Ana has asked for letters of administration on the estate of Stephen D. Laird, who died on April 30. The estate is valued at \$2500. S. M. Davis is attorney for the petitioner.

For Defendant

Judge West has rendered a judgment setting aside a dismissal in the case of Alexander N. Graham against M. Durnbaugh and others. Suit was for \$972 still due on a note for \$10,000. The plaintiff later had the case dismissed. The defendant through Attorney Williams & Rutan went into court recently and took steps to have the dismissal set aside so that judgment clearing the defendant of responsibility for the note could be entered. The note was outlawed. Judgment for the defendant was given.

Estate Appraised

State Appraiser Anderson has appraised the estate of Julia H. Simmons at \$3880.

Answer In Contest

Attorney E. E. Keech today filed an answer to the contest of the codicil to the will of Daniel Halladay. The contest was brought by Ruth Green Ferguson and Floyd Green, niece and nephew of Halladay. The codicil recited that they be given each instead of sharing with other relatives to a larger extent. The contest was made upon the ground that Halladay made the codicil in the erroneous belief that their father was wealthy. The answer stands squarely for sustaining the codicil.

MEMBER OF CO. L TO ENTER TRAINING FOR THE OFFICERS CORPS

Dana Keech, son of Attorney and Mrs. E. E. Keech, successfully passed his examination and has been appointed to go into training in the officers' training camp at the Presidio. The young man enlisted with Company L about a year before it was called to the border and served with the company there, leaving Normal school. He has also had a year at Stanford.

BOOSTERS STILL WORK TO BRING TROLLEY LINE

Committee Thinks There Will
 Be Something Definite
 To Report Soon

SEVERAL ROUTES ARE
 UNDER DISCUSSION

Chautauqua at Santa Ana Is
 Well Patronized by
 Tustin Folk

The committee is still at work on ways and means of bringing the electric cars to Tustin. Several different routes are still under discussion and the committee thinks there will be something definite to report in the near future.

Tustin has been a very quiet town for the past week. Most of the social affairs and club meetings were postponed on account of the Chautauqua, which was well patronized by the Tustin people. The school was closed on Wednesday afternoon to give the teachers and older pupils an opportunity to hear William Jennings Bryan.

TUSTIN PERSONALS

Charles S. Albee had a rubber tire stolen from his invalid's rolling chair on Monday. The tires exactly fit the wheels of a bicycle and it is supposed that it was taken for use on a bicycle.

Mrs. Frank Stearns and Miss Eva Stearns returned Saturday from a two weeks' stay at Yorba Linda, visiting their cousins, Mr. and Mrs. Geo. Wells.

Mrs. Harry Brookbank and little son Eugene spent last week with relatives in Long Beach. At a family dinner given by her aunt, Mrs. Henry Clinton at Long Beach, five generations of the family were present.

Mrs. Garvin Baxter was a guest last Sunday of Rev. and Mrs. Wm. Galbraith at Orange. The party attended a mass meeting at the Orange Methodist church in the evening, at which Dynamite Adams was the speaker.

Mr. and Mrs. John Ave were visitors to Los Angeles Monday.

Mr. and Mrs. Douglas Framton and Mr. and Mrs. Elbert Pierce of Artesia were guests of Mrs. Pauline Wollenburg and Miss Lena Wollenburg.

Mrs. Geo. A. Dailey and little daughter Martha Belle left for their eastern home in Louisville, Ky., on Tuesday. Mrs. W. E. Drabnick, Mrs. Dailey's sister, of Goldfield, Nev., went the same day to Long Beach for a month's further vacation.

E. E. Smith left today for a trip to

Ventura county. He was accompanied by Richard McCarthy, John M. Grover, Rhiel and George A. Smith. They will look after some real estate in that vicinity.

Mr. and Mrs. G. W. Pollard are expecting a visit tomorrow from their son, Clarence Pollard, who is working in the oil fields. His brother, Albert Pollard, is with Company L in Santa Barbara county, where they are guarding a tunnel.

COREOPSIS CLUB

The regular meeting of the Coreopsis Club was held Wednesday afternoon at the home of Mrs. Charles Lambert. From the collection of beautiful flowers around her home, Mrs. Lambert selected lovely pink and white roses for decoration and one room was bright with rich yellow Scotch broom. The afternoon passed pleasantly with the usual needlework and conversation on topics of the day. Those present were Mrs. H. E. Matthews, Mrs. Fenlon Matthews, Mrs. Dick Morton, Mrs. Alton Alderman, Mrs. J. H. Howes, Mrs. Hart, Mrs. Claude Norton, Miss Ethel Alderman and Mrs. E. E. Smith.

TUSTIN W. C. T. U. TO MEET ON THURSDAY

The regular meeting of the Tustin W. C. T. U. will be held next Thursday afternoon at the home of Mrs. C. A. Miller, on Fourth street, near Tustin avenue.

The subject will be anti-narcotics, led by Mrs. Miller.

LITERATURE FOLK TO MEET TUESDAY

The regular meeting of the Tustin Literature Section, which was postponed last Tuesday on account of the Chautauqua, will be held next Tuesday afternoon at the Guild room of the Episcopal church in Santa Ana. Mrs. J. H. Martin hostess. The subject at this meeting will be "China."

BOYS' NIGHT TO BE HELD AT CHURCH

Next Sunday night at the Tustin Presbyterian church will be Boys' Night.

County Y. M. C. A. Secretary Cole will be present and give a talk illustrated with stereopticon pictures. All the boys in town are invited to attend. They will be entertained in a way both interesting and instructive.

LOVED WOMAN'S DEATH MOURNED AT TUSTIN

Friends Sorrow at Untimely
 Passing of Mrs. Salina
 Walterhouse

The deepest sympathy of her many friends goes out to the family and relatives of Mrs. Salina Walterhouse, wife of N. G. Walterhouse, the Tustin druggist, since she passed away last Tuesday evening at 7 o'clock in Long Beach, at the home of her aunt.

After suffering some time with throat trouble, Mrs. Walterhouse went to Long Beach among relatives and friends for a rest and change of physicians. Upon thorough examination it was decided that an operation would relieve her, but it failed to do the good hoped for.

She was perfectly aware that she was going and gave full explanation of her wishes in writing, being unable to talk. The fortitude and courage with which she bore the pain and weariness was remarkable, but she was granted the blessing of a peaceful and quiet launching out upon that unknown sea which leads to the "Home of the Soul."

The neighbors and friends of Mrs. Walterhouse are grieved to think that they will not know the comfort and support of her kindly helpfulness again, but they realize that her Christian grace will continue to exert their influence.

The funeral was conducted by Rev. W. S. McDougal of Tustin and was held at 10 o'clock Thursday morning at the Cleveland parlors in Long Beach. The chapel was well filled with Tustin people who went over in automobiles to pay their last tribute to the gentle, lovable little woman. Besides her husband, Mrs. Walterhouse leaves two boys, George and Roger, and a little girl, Salena, who is three years old. She has many relatives and friends in Munsey and Indianapolis, Indiana, who will be grieved to know of her death, for wherever she was known she has been loved.

ANAHEIM CAPITAL, LABOR IS SPEAKER'S TOPIC

ANAHEIM, May 4.—The legal acceptance of the copartnership of labor and capital and the proper distribution of the profits therefrom is the solution of the great industrial problems that have threatened the industries of this country and will again threaten them, according to Channing Follette, speaker at a Board of Trade luncheon.

Referring to the recent strike of the railroad men and the intervention of the government in the passage of the Adamson law, the speaker said that this settlement of the railroad strike was done in a legal way and the settling of the cause of the dispute between capital and labor can be settled in a similar manner.

"We cannot rely on the strike as a means of settling disputes between laborers and the masters of finance," said Follette. "Strikes work against the good of all of the people in the United States and do not benefit the strikers or the capitalists. They are a loss to all persons and the time must soon come when strikes will be settled in a legal manner without antagonism and damage being done to either party."

Quoting Judge Gary of the United States Steel Corporation, who realized that the time is coming for true co-partnership between the capitalist and the laborer, Follette went on to tell of other big men who also realized that the success of the peaceful settlement of labor troubles depended on the realization of the rights of labor and capital.

"At present the success of a strike is dependent on the ability of the one who can stand the strain the longer," continued the speaker. The one who is better prepared to fight it out is the one that wins and not necessarily the one in the right.

"Governments have been builded to do away with feuds that were formerly used as a means to an end. A family took a wrong done one of its members and wrought vengeance on a member of the family who had done the wrong. For this, governments were established and justice is now given a man when he is wronged without going back to the old feud method. This is true of labor troubles and the same governments should have a means of preventing strikes to get what is due the man who is not getting justice."

"Strikes do not always justify the method used to secure it but it has been the line of attack used for some time. The time is soon coming when we must recognize that true co-partnership between capital and labor will do away with strikes and that justice will be given every man. Each one

will get his share of the profits from his labor when the government agencies protect his rights and guarantee his share. An accounting can be made so that the laborer will get his due part of the profits gained from his labors."

The talented orator made a short talk to the German Americans and paid high tribute to their qualities as American citizens.

"We look with appreciation on what has been done by the better class of German Americans to help build the great nation we now have," said Follette. "They have been a mainstay in our early life and are now a part of the nation in our conflict with Germany."

OREGON GIRL WED TO VERN HILLYARD

The marriage of Miss Edna Bess of Baker, Oregon, and Vern Hillyard was solemnized last Tuesday evening at 6 o'clock. Mr. Hillyard is grandson of Mr. and Mrs. Louis Hillyard, at whose home on Prospect avenue the wedding took place.

The ceremony was performed by Rev. W. S. McDougal, of the Tustin Presbyterian church. The wedding was a quiet one with only close friends and relatives present.

After a brief honeymoon at Laguna Beach, Mr. and Mrs. Hillyard will be at home at the Fowler Apartments in Santa Ana.

MRS. BRIDGEFORD TO ENTERTAIN TWELVE

The members of the Tustin Twelve will be entertained at their regular meeting next Tuesday afternoon by Mrs. Otis Bridgeford, at her home on South McClay street.

PIONEER DIES
 YORBA LINDA, May 4.—Mrs. Mary Etchendy, 54 years of age, died at her home in Yorba Linda. She had been in poor health for eight years, and the past four years had been bed-ridden. She leaves a husband, but no children, a brother at Yorba and one in Arizona. She came to California 36 years ago and 29 years ago settled at Yorba Linda, where she has since made her home.

Funeral services will be held Saturday morning at 10 o'clock at the Yorba Catholic church, Father Dubbel of Anaheim officiating. Interment will be in the Yorba cemetery.

AMUSING GAMES HELP ENLIVEN CLASS PARTY

High School Friends of Miss
 Elva Pearsons Are Entertained By Her

A delightful social time was enjoyed last Saturday night by the High School friends who were entertained by Miss Elva Pearsons at her home on Main and B streets.

By an arrangement of amusing games, the hostess gave her guests an evening full of fun, and lively music helped to bring about happy results.

Late in the evening delicious refreshments were served. The happy participants were Misses Morgan, Bailey, Ada Squires, Lois Morgan, Jennie Pollard, Lillian Martin, Myrtle Bowman, Thelma Nordstrom, Zena Leck, Lola Pearson, Irene Grisct, Orla Fitch, and Mrs. Essie Patly; Lee Bailey, Virgil Deaver, Millard Foster, Willis Cock, Geo. Morrison, Albert Thorman, and Horace Shafer.

MISSIONARIES PLAN ALL-DAY MEETING

An all-day meeting of the Advent Christian Church Missionary Society will be held next Tuesday at the home of Mrs. C. Squires. The day will be given entirely to sewing. The ladies will all bring a simple lunch. There is plenty of work to keep everyone busy with needle work.

BEREAN BIBLE CLASS
 The Chautauqua over, the Berean Bible class members of the Tustin Presbyterian church were able to give their attention to their regular monthly business and social meeting Thursday afternoon, which was held at the home of Mrs. Hollis Lindsey on Irvine boulevard.

After the usual opening exercises with the president, Mrs. A. D. Turner in the chair, the business of arranging for the annual picnic was about all that came before the meeting. No definite plans were determined upon and it will probably be held with the whole Sunday school.

During next month three of the class members have birthdays quite close together and in honor of these birthdays the class has been invited to a birthday party by Mrs. T. R. Overton at her home on Main street. This is to be on the first Wednesday of the month, the date of the regular meeting. Mrs. Overton is to carry out some interesting plans and it is to be held on the lawn.

There were twenty-two ladies present and a delightful social time followed the business meeting. Mrs. Lindsey was assisted in serving delicious strawberry ice cream and cake by her sister, Miss Adair, and Mrs. S. E. Tingley.

SHOES That Wear Well

are hard to obtain. The increasing scarcity of leather is forcing manufacturers to use a poorer quality, even in high priced shoes. Our stock of work shoes is complete. They were ordered months ago for delivery this winter and spring, so the quality is right and the prices are right.

We sell lots of shoes, but not as many as we should. If we haven't sold you any why not let us show you our stock? We can sell you better shoes for less than you will pay elsewhere.

The same applies to our line of **WALTON SHOES** for **BOYS and GIRLS**. It is the best shoe at a reasonable price that we have ever sold.

18 AMENDMENTS ON BALLOTS IN NEXT YEAR'S ELECTION

Two Most Important Come In Scope of Humanitarian Legislation

SACRAMENTO, May 4.—Eighteen constitutional amendments passed the recent legislature and will be up to the people at the general election in 1918 for approval or rejection.

The two most important come within the scope of humanitarian legislation. One, introduced by Kehoe, paves the way for the establishment by the legislature of a health insurance system along the lines suggested by the state social insurance commission and heartily endorsed in the farewell message of Governor Johnson. The aim of the amendment is to insure against the hazards of sickness, the cost of insurance to be divided between employee and the state and the benefits to be in accordance with schedules announced by the Social Insurance Commission following a thorough investigation. In effect it will amount to an extension of the workmen's compensation act to cover sickness. California is one of the first states to take up this great problem.

To Enforce System
The other humanitarian amendment was introduced by Luce and proposes to write into the constitution the provisions of the workmen's

compensation act. It would vest in the legislature plenary power, unimpaired by any provision of the constitution, to enforce a complete system of workmen's compensation, giving compensation to all injured workmen irrespective of the fault of any party and making adequate provision for the comfort, health, safety and general welfare of all workmen and those dependent upon them.

Two of the eighteen constitutional amendments deal with exemption of certain property from taxation. Under Scatterwhite's measure property of certain cemeteries not conducted for profit would be exempt; under Lyon's property of Young Men's and Young Women's Christian Associations would be exempt. Another amendment by Lyon clears the way for reimbursement by the state to cities for taxes lost on account of exemption from taxation.

With Appellate Courts
Constitutional amendments introduced by Kehoe and Carlson deal with appellate courts. Kehoe's provides for two divisions of the San Francisco and Los Angeles appellate districts, so that there would be three more justices in each district. Carlson's proposes to place in the hands of the legislature the whole business of creating, changing, or abolishing appellate districts and of increasing or decreasing the number of justices. A two-thirds vote of each branch of the legislature would be necessary.

Two constitutional amendments that were voted down in 1915 will be again put before the people. Evans introduced the one under which the state, counties and cities, in securing land by condemnation may acquire more than the amount actually needed for use in the improvement. Tyrrell sponsored the other, relating to the deposit of public moneys.

It is proposed to give the legislature power to enact an "absent voters" law under the constitutional amendment fathered by Ambrose. The establishment of municipal courts in the framing of charters is dealt with in Ekwald's constitutional amendment. One by Gelsert will make it possible for the state and its political subdivisions to take immediate possession of rights of way required for public use in actions of eminent domain.

Local Conditions
Three of the amendments relate to local conditions. One by Breed would open the way for an election on the matter of putting the city of Oakland in a county by itself; one by C. W. Lyon relates to the municipal indebtedness of the city of Venice, and one by Bartlett relates to the reimbursement of official funds held by the treasurer of Los Angeles.

An amendment introduced by Morris changes the section relating to the liability of stockholders and directors so that it would not apply to any corporation hereafter organized which shall adopt and use as the last word of its corporate name the word "Limited" or "Ltd." but the stockholders shall be subject to such liabilities as may be provided by the legislature. Another provides that the ex-officio members of the board of regents of the University of California shall be the governor, lieutenant-governor, speaker of the assembly, superintendent of instruction, president of the alumni association and several others. Chandler has an amendment relating to the state budget system.

PATRIOT OF FUTURE IS CLUB'S THEME

PASADENA, May 4.—"The Patriot of the Future" occupies the center of attention at today's meeting of the California Federation of Women's Clubs.

Babies—lusty-lunger, quiet, dark, fair, blue-eyed, brown-eyed babies, girl babies and, in fact, all sorts of babies—are brought under that head. It is child welfare day and the entire afternoon program is devoted to that study.

Dr. Laura Bennett heads the program with an address on the "Psychology of Childhood" to be followed by a discussion of "Visual Education by Mothers" by Dr. Maude Wilde. "Art for Children"—not the kind which consists of pencilled hieroglyphics on the nice white walls, but a kind which, through its appeal to the child mind is a specific part of the sort of art—will be the subject of Mrs. Rose V. S. Berry's discussion while "Music for Children," also an antidote for certain less appealing sorts of childhood music, will be the subject of Mrs. Carrie Stone Freeman. "Books as a Means of Child Welfare" by Miss Susan S. Smith, "Education of Blind Children in the Public Schools" by Kate M. Foley of the California state library, "A Plea for Future Citizens" by Mrs. O. W. March, "The Cora Elliott Jones Memorial Investigation Committee" by Mrs. L. P. Crane and "The Movie as an Educational Factor in Child Hygiene" by Mrs. Alfred McLaughlin of the Baby Hygiene committee, A.C.A., will be other numbers. The last mentioned lecture will be illustrated with motion pictures, "Motherhood," produced under the direction of the Association of Collegiate Alumni.

This program is to be varied with music, appropriate to childhood. "Social Health Insurance" by Miss Barbara Nachtrieb of the California Social Insurance Commission is the only address scheduled for the morning program, the remainder of the morning being devoted to department and committee reports. "Art and Music" is the theme for the evening meeting with music under the direction of Edward Alexander MacDowell and an address on "Great Epochs in American Art" by Mrs. Rose V. S. Berry.

\$700,000 CROP OF VALENCIAS IN ANAHEIM DISTRICT

Anaheim Citrus Fruit Association Will Ship 80% Of 560 Carloads

ANAHEIM, May 4.—The Valencia crop from this immediate section will commence rolling out before many weeks. It is estimated that a total of 700 carloads will be shipped from this point and which, under average conditions should bring in \$700,000. Of course, it is too early and the times too uncertain to intelligently estimate what the crop will bring in, but it is the expectation of the great majority that before very long the country will have settled down to normal conditions and that satisfactory prices for especially those Valencias that are shipped for the later markets will prevail.

Of the above total of 700 cars that will be moved from Anaheim the Anaheim Citrus Fruit Association will ship 80 per cent of 560 carloads. It is due to the efforts of this association covering a period of over eight years that local Valencias today have reached their present enviable reputation and standing. The brands of this association, "Anaheim Supreme" and "Mother Colony," have done more to advertise this section and its Valencia orange groves all over the country than anything yet attempted.

An excellent authority says that the association will this year give this section further favorable publicity in some new and original ideas it expects to put in force in preparing and selling Valencias in the eastern markets. It has made a practice each season of introducing something new and many of the ideas now used generally by every packing house in California originated in the local association.

The Valencia crop has matured in fine shape, both quality and sizes being all that could be desired.

HIGH HONOR IS GIVEN BROTHER OF PASTOR

GARDEN GROVE, May 4.—Rev. James A. Frances, D.D., brother of Rev. George A. Frances, pastor of the Baptist church, has been chosen to preach the annual sermon at the Northern Baptist convention at Cleveland, Ohio, on May 15. This is an honor which only comes once to any man as the convention represents more than 10,000 churches, covering the territory from the Atlantic to the Pacific and from Canada to the Mason and Dixon line, and more than 25,000 ministers, and meets but once each year. Rev. James A. Frances has a wide circle of friends throughout the Southland, where he is very popular, being especially well known to many in Santa Ana.

Hold College Night
Last Sunday evening was regular college night at the Baptist church. Four college boys from U. S. C. Ben Oertley, son of Mr. and Mrs. C. G. Oertley, president of College Y. M. C. A., introduced Roy Base, who gave a talk on "Prayer." Warren Lamport gave an address on "Service," and Yakley Cleon spoke on "Making the Most of Life." At the regular evening service, George Oertley, a brother of Ben Oertley and who, like his brother, is an all-around athlete, took charge.

MOST EMINENT MEDICAL AUTHORITIES ENDORSE IT.

A New Remedy for Kidney, Bladder and all Uric Acid Troubles.

Dr. Eberle and Dr. Braithwaite as well as Dr. Simon—all distinguished authorities—agree that whatever may be the disease, the urine seldom fails in furnishing us with a clue to the principles upon which it is to be treated, and accurate knowledge concerning the nature of disease can thus be obtained. If backache, scalding urine or frequent urination bother or distress you, or if uric acid in the blood has caused rheumatism, gout or sciatica or you suspect kidney or bladder trouble just write Dr. Pierce at the Surgical Institute, Buffalo, N.Y., send a sample of urine and describe symptoms. You will receive free medical advice after Dr. Pierce's chemist has examined the urine—this will be under no obligation. Dr. Pierce during many years of experimentation has discovered a new remedy which is thirty-seven times more powerful than lithia in removing uric acid from the system. If you are suffering from backache or the pains of rheumatism, go to your best druggist and ask for a 50 cent box of "An-uric" put up by Doctor Pierce. Dr. Pierce's Favorite Prescription for weak women and Dr. Pierce's Golden Medical Discovery for the blood have been favorably known for the past forty years and more. They are standard remedies to-day—as well as Doctor Pierce's Pleasant Pills for the liver and bowels. You can have a sample of any one of these remedies in Tablet form by writing Dr. Pierce.

FREE.—Dr. Pierce's Medical Adviser, cloth-bound, sent free on receipt of three dimes (or stamps) to pay expense of mailing only. Dr. Pierce, Invalids' Hotel, 663 Main Street, Buffalo, N. Y.

and introduced Ralph Jayne, Wilbur Long, Keuel Olson and Earl Pryor. Each gave a short address which was much enjoyed. Earl Pryor, a musician of note, rendered several beautiful selections on the xylophone, using two or four mallets. At the service they were introduced by Rev. Francis, who spoke in complimentary terms of the splendid beginning these young men were making for lives of great usefulness.

Postpones Address
Rev. Francis had previously arranged for the evening service an address accompanied with stereopticon views bearing upon the period of history contemporary with Christ's earthly life, but postponed it until next Sunday, May 6, at 7:30 p. m., so as to make way for the visiting college boys.

The general bearing and manners of the college boys speaks volumes for the university in its influence for all-round good in the line of young men. Aside from the educational advantages, which means a high type of mental training, and the use of special equipment for filling places of great usefulness, the college experience is giving these young men, with their associates, a type of bearing and character which is only characteristic of youth enjoying their privileges. In his remarks to them, Rev. Francis said:

"It is a cause for extreme satisfaction to observe the splendid beginning in life and the worth-while ambition which you are asserting in these opening days of life's experience. It is a source of gratification to the parents who cared for you to note your earnest effort that what they have done for you shall not come to waste. It is exceedingly gratifying to this community that you have among your number those whom we can remember as our village boys."

Gives Analysis
At the Bible class Tuesday evening Rev. Francis, pastor of the Baptist church, gave a careful analysis, from a Biblical point of view, of what is meant by the "Christian era," or the "church period," presenting with great plainness that the Christian church is an organization of heavenly and not earthly origin, and had its beginning and creation on the memorable day of Pentecost, when the Holy Spirit descended to make his perpetual abode in the lives of believers, and further, that the coming of the Spirit which alone could make the creation of the church possible, was dependent on the departure of Jesus.

The lesson subject for the Bible class next Tuesday evening at the Baptist church is "The Kingdom of Heaven as Jesus described it, as it is now and as it will be."

Mrs. Weisser and Mr. and Mrs. Stroughbridge were accepted as members of the Baptist church at the Thursday evening service.

To Give Lecture
Monday evening, May 14, at the Men's Fraternity meeting at the Baptist church, Rev. Francis will give a lecture on the Panama Canal, illustrated with 125 stereopticon views representing the entrance to the canal, the breakwater to the sea, the lock-gates and electrical apparatus for operating them, Gatun dam, with its huge spillway one and three-quarters miles in length, also the safety gates to the dam and views of the principal cuts such as the Culebra, also photos of the principal men instrumental in producing the most stupendous feat of modern engineering. Not only are the members of the fraternity invited to be present but the men of Garden Grove will be welcome if they will give their names to P. M. German before Saturday morning, May 12, so that ample accommodations can be made.

FREE METHODIST CHURCH
Sunday services: 10 a. m., Sunday school; 11 a. m., sermon, subject, "Individual Responsibility"; 12 m., class meeting; 3:30 p. m., sermon, subject, "Prophecies of the Bible or the Hand of God in History."

PERSONALS
GARDEN GROVE, May 4.—Elgin C. Knott, son of Mrs. M. V. Knott and nephew of Mrs. J. D. Price, leaves San Francisco May 9 for New York city, where he will embark May 16 for South America to be gone two years, where he has a lucrative position in the employ of a company as electrical engineer. Last June he received his degree for a five-year course. During the closing fiscal year he has completed a post-graduate course, having received high honors. His father, Rev. Elgin C. Knott, will be remembered by many as one of the pioneer ministers, having had charge of the church at Berkeley and the church at Newport in the early '90's.

On Saturday Mr. and Mrs. Jay Fry motored to Laguna with Mr. and Mrs. Elmer Preston of Los Angeles, returning Sunday.

Mr. and Mrs. S. S. Jackson spent Tuesday and Wednesday at the home of their daughter, Mrs. G. B. Capps of Los Angeles. Mr. and Mrs. Capps and Mr. and Mrs. Meester, also a daughter, had just returned from a few days of fishing on the Espee river, catching some of those delicious mountain trout. Didn't Daddie Jackson enjoy that feast?

Dr. Frances Marshall and sons Earl and Harley and Miss Nina Harper motored to Ventura Sunday.

David Berth has gone to Anaheim to spend a few days with his sister.

M. S. Strong was in Los Angeles Tuesday and purchased a Buick "six." Among those who enjoyed the Wednesday afternoon session of the Chautauque at Santa Ana were Mr. and Mrs. George R. Reyburn, Mmes. S. Harowitz, V. Donelson and P. Swazy, Dr. and Mrs. O. Young and son Francis, Mr. and Mrs. John Steele, Dr. and Mrs. C. C. Violett and daughter, Miss Ruth, Mr. and Mrs. N. B. Underwood, Mr. and Mrs. J. D. Price and Mrs. M. V. Knott, C. A. Emerson, Claud and Clarence Crosby and Mrs. H. Bosey.

Mr. and Mrs. J. Fry motored to Los Angeles Wednesday with Mrs. Mary Carner, who has been here visiting for a week. Elmer Preston accompanied them.

Arthur W. Lewis of Orange was a business visitor Thursday.

Ray McKean was a Santa Ana business visitor Tuesday.

Irvine German visited his parents Tuesday night as the transport from San Francisco to San Diego stopped over night en route at San Pedro. He will be stationed at present at San Diego. He plays the cornet.

Mrs. Charles Perkins of Los Angeles is a house guest this week at the home of Dr. Frances Marshall.

Mrs. A. B. Johnson of Los Angeles motored out Thursday and took her

ENTERTAINS AT GROVE IN HONOR OF MOTHER

GARDEN GROVE, May 4.—A most delightful afternoon was spent Thursday at the home of Mrs. Charles B. Scott, when she entertained a number of her friends in honor of her mother, Mrs. Mary Wasley, of Greeley, Colo., who is paying her an extended visit. The time passed most pleasantly with needlework and music.

The charming hostess, assisted by Miss Esther Hedstrom, Mmes. Ernest Fulson and F. Herbert Cloyes, served most delicious refreshments.

Those present beside the hostess and honoree, were: Mmes. S. S. Jackson, John Steele, Elmer Launders, J. H. Sandman, E. Fulson, K. X. Kepken, E. Baum, O. W. Keiniss, P. M. German, C. A. Emerson, E. M. Dozier, S. R. Fitz, C. H. Anderson, M. Christensen, J. A. Knapp, G. Head, E. R. Schneider, S. Horowitz, G. R. Reyburn, J. Fry, W. D. Junkin, J. T. Watson, J. M. Adland, F. H. Cloyes, Ernest Fulson, Esther Hedstrom and H. Basey.

MISSIONARY SOCIETY HOLDS FINE MEETING

GARDEN GROVE, May 4.—Mrs. G. R. Reyburn, president of the Methodist church, met Wednesday from 2:30 to 5 p. m. at the home of Mrs. Earl Baum. Mrs. A. J. Chaffee led in devotions. The subject for the afternoon was "Heroism of the Christian Conquest," and with the aid of the capable leader, Mrs. John H. Sandman, many helpful points were presented. The hostess served most delicious refreshments, after which the meeting adjourned until the next regular time, the first Wednesday in June.

"I certainly got a shock yesterday," confided a broker to a friend. "A man telegraphed me from Maine that he had married my youngest daughter."

"Great heavens!" returned the other. "Well, all you can hope for now, is that he may turn out to be a practical business man."

"Oh," interrupted father, "I guess he's practical enough. He sent his message 'collect.'"

MANY PEOPLE STARVING AND DON'T KNOW IT

If You Are Nervous, Run Down, Anaemic, or Thin, Try This Remarkable New Prescription

It Works Like a Charm

"The reason so many men and women are prematurely old, run down, tired, ambitionless, thin, anaemic, restless, sleepless, almost physical and mental wrecks," states a prominent physician, "is the stomach is at the bottom of all of our misery." Your stomach may not hurt you in any way, you may eat plenty, but your food merely passes through you without doing you any good. There is plenty of iron, albumens, phosphates, and chlorates—in fact all of the constituents necessary to restore you and preserve your youthful vim and vigor to a ripe old age—in the food you eat every day. All of the so-called nerve tonics, iron pills in the world cannot do for you what wholesome food properly digested will do. Your blood and nerves are starving. Go to your druggist and get a four-ounce bottle of Stumze, take a little after each meal, eat what you like, and note how quickly your own stomach will help you to a healthier life. This is nature's own great restorer. It beats all of your pills, artificial digestants and tonics. The makers have so much faith in Stumze, and have seen the good it has done for so many others, that they have authorized all druggists to refund to you the purchase price, if you are not benefited. Every sufferer should try this remarkable prescription and prove to themselves that the elements necessary to restore are placed by Mother Nature in our daily food. Eat what you like, take a little Stumze, and grow well.—(Advertisement.)

Too Ill to Walk Upright. Operation Advised. Saved by Lydia E. Pinkham's Vegetable Compound.

This woman now raises chickens and does manual labor. Read her story:

Richmond, Ind.—"For two years I was so sick and weak with troubles from my age that when going up stairs I had to go very slowly with my hands on the steps, then sit down at the top to rest. The doctor said he thought I should have an operation, and my friends thought I would not live to move into our new house. My daughter asked me to try Lydia E. Pinkham's Vegetable Compound as she had taken it with good results. I did so, my weakness disappeared, I gained in strength, moved into our new home, did all kinds of garden work, shoveled dirt, did building and cement work, and raised hundreds of chickens and ducks. I cannot say enough in praise of Lydia E. Pinkham's Vegetable Compound and if these facts are useful you may publish them for the benefit of other women."—Mrs. M. O. STAGE SET FOR BICYCLE RACE AND PARADE TOMORROW

Several Additional Entries
Received For 15-Mile
Duel Around 'Kite'

Several more entries have been received for the 15-mile handicap bicycle race, which will be run tomorrow afternoon, and the entry list was held open today so that several more can get in. There are now twenty-eight entries and it is hoped by the Orange County Bicycle Association that the record of thirty-two entries, all starting, made by Pomona last Saturday, will be excelled.

The handicapping will be done by the association tonight, so as to have the latest reports on all the riders. As nearly all the riders are novices—riders who have never been in a race before, it has been a task properly to place the boys as to handicaps, so that all will have a fair break. Several of the promising riders at Orange have been kept out of the race by Principal Brunton of the Orange high school, who claims that the prizes are too high in value, as he says there is a rule of the California Interscholastic Federation of which he is president, forbidding school athletes competing for prizes worth more than \$35, and the two \$50 bicycles are above that.

For Tired Women With Aching Heads

"They help me so much and I find relief as soon as I begin taking your Foley Kidney Pills," Mrs. Frank P. Wood, Morrill, Maine, R. F. D. No. 2. Sometimes it seems as if you can't stand the pain across your back. It is just making your life miserable and robbing you of all energy and strength. When you are constantly tired, head always aching, nerves "on edge," kidney action painful and burning, then is the time to start in at once on Foley Kidney Pills.

They strengthen the weak, ailing kidneys, improve their action, enable them to throw off the poisons that cause your trouble. Your nerves grow peaceful, sleep becomes sounder, nervous headaches disappear. As Mrs. Wood says: "I find relief as soon as I begin to take your Foley Kidney Pills." Be sure you get the genuine Foley Kidney Pills, for they are purely medicinal and contain no harmful drugs.

WESTMINSTER NEWS BUDGET

Committee From Association Improves Looks Of Cemetery

WESTMINSTER, May 3.—The board of directors of the Westminster Cemetery, composed of C. C. Johnson, James A. McFadden, O. B. Byram, S. C. Thompson and W. E. Emith, spent Monday improving the appearance of the cemetery by mowing and raking the driveways and alleys and a number of neglected lots. A small plot was plowed and set out to a border plant which when well started will be for the use of those who wish to beautify their lots with it. It is the purpose of the board in time to use this plant to decorate the driveways and alleys. The botanical name of this plant, which belongs to the ice plant family, is mesembryanthemum.

Low-priced Apartments at Huntington Beach

Glimpses of Interior of Ocean View Apartments, new, modern building, just completed. On the opposite corner, and sharing the same marine view, is Seaside Apartments, another new building, similar in design to Ocean View Apartments.

Pure, Soft Water Attracts Kidney Sufferers Low Altitude Relieves Nervousness

Quite contrary to beach custom, there will be no increase in rental rates during the summer season, as Huntington Beach is becoming an all-the-year health resort. Its pure, soft water has proven very beneficial to scores of people suffering from acute or chronic kidney trouble. Seaside climate has long been recognized by medical experts as helpful for such ailments, but Huntington Beach seems to be especially favored among the beaches in possessing pure, soft water, free from injurious minerals. This water comes from deep wells on the mesa, and is not only healthful, but very pleasant to the taste, and clear and cool every month of the year. One man suffering from kidney trouble in a northern state, was given by his physician just three months to live; he decided to try Huntington Beach and today is one of the most active and prominent business men of that city.

Hundreds of business and professional men find great relief from overworked nerves by spending a few days or weeks at Huntington Beach. There is no place so restful to the nerves as the seaside. The low altitude affords complete relaxation to all the nerves and induces sound, refreshing sleep. The invigorating salt-air, Mother Nature's best tonic, gives one the appetite of a growing child. A week at the seaside works wonders for the whole family,—the father, worn with the keen competition in business; the mother, weary with the monotonous round of daily duties; and the children, irritable with the strain of school work. The quiet, moral atmosphere of Huntington Beach appeals

to all who desire a perfect recreation, one that refreshes and invigorates both body and spirit.

To meet the growing demand for attractive, low-priced apartments at the beach, the Ocean View and Seaside Apartments at Huntington Beach have recently been erected. They are both located on Ocean Avenue, with an uninterrupted view of the ever-changing ocean and far-famed Catalina Island. Light and sunshine, the two most valuable adjuncts to health, pervade every room; there are no deep, over-hanging porches and each apartment is built on a corner lot.

Each suite has a real "Homey" atmosphere, with its brick fireplace, convenient bookcases, hardwood floors, large buffet, harmonious wall tints, stationary washbaths, gas, electricity, telephone, bath, and large garage with shower bath in the rear. These four-room suites may be obtained furnished or unfurnished at unusually low rates—varying from \$25 to \$50 a month.

Cottages, rooms and tents are also very low priced at Huntington Beach, even at the height of the summer season. A family or party of four or five may have a week's outing at Huntington Beach for only \$7.50 on the popular Tent City Grounds, within two blocks of the ocean.

All questions will be promptly answered by

THE HUNTINGTON BEACH COMPANY,
464 Ocean Avenue, Huntington Beach, California.
